### LIMITED EDITION YARNS

#### VARIEGATED LANA

Lana is 100% wool fingering weight yarn. This 2-ply yarn is lofty and delicate and sure to knit up into summer weight shawls and garments that will be warm and light as a feather. We created this yarn to have some shading variations within this dyelot. This yarn will give textured patterns a beautiful subtle shading. For plain Stockinette stitch garments alternating skeins as you work will minimize any difference between skeins.

## SALE YARNS

Unwashed skeins will “bloom” to softness if gently hand washed before knitting. Easy washing instructions are included with your order. This yarn is wonderful for felting, too. Note: Odd weight skeins are first quality, but the yarn is, overall, a bit lighter or heavier than in a regular weight skein. When we fill orders for any particular color, all the skeins will be either all heavies or all lights. Check your gauge carefully before starting your project.

[www.spinnery.com](http://www.spinnery.com)

We are excited to announce that Elizabeth Doherty will be the featured instructor for the Spinnery's 2017 Knitters' Weekend Retreat. Her recently published book, *Top Down: Reimagining Set-In Sleeve Design* takes classic set-in sleeve sweater construction and turns it on its head, with designs that are worked seamlessly from the top down. Participants will learn to knit set-in sleeves—tailored to fit themselves perfectly.
